Trane Hyperion Air Handler and Trane Heat Pump

This course covers aspects of both the Hyperion Air Handler and Trane Heat Pump systems. In the Hyperion portion, participants will learn about installation, set up, field settings and troubleshooting techniques. In the Heat Pump portion, installation and maintenance will be taught, as well as troubleshooting and charging techniques in relation to using superheat and sub-cooling to determine proper operation.

Instructor: Bill Lewis

Location: The Star Supply Learning Center (2nd floor)
118 Gando Drive, New Haven CT 06513

Date and Time: Thursday, October 3, 2013 5:00-8:00pm (Dinner will be served)

Investment: $79.99 per person (Cost includes manuals)
